Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am ~~opposed~~ at the idea of restricting medically necessary medications because they have to cross state lines - I have needed and always will need specialized medications due to my allergies and special sensitivities. Is this the United States of America? Isn't my right to buy the medication I need?
